PERSONAL STATEMENT

Graduated in Business Management (with the Area of Specialization in Data Analytics) and oriented to the Business Analytics area. With the desire to not stop learning and with the aim of focusing my professional future in the area of DDDM (Data-Driven Decision Making), the data analysis in charge of converting the data set into key information for innovation and decision making in a dynamic environment, as it is today for any company, marked by the need for an integral vision of the business in order to always keep up with the constant opportunities required by the era of Digital Transformation.

Especially interested in all the areas in charge of this transformation process BBDD → Information → Decisions: Data Science, Business Intelligence & Analytics, Machine Learning, Predictive Modelling, etc.

EDUCATION AND TRAINING

Tampere, Finland
August 2020 – Present

Master's Degree Programme in Computing Sciences – Statistical Data Analytics

TAMPERE UNIVERSITY

Madrid, Spain
January 2020 – May 2020

Postgraduate Course in Big Data Analytics

UNIVERSIDAD CARLOS III DE MADRID

- Introduction to Big Data.
- Architecture, relational databases, and real cases.
- Temporal series.
- Supervised data learning.
- Support vector machines (SVM) and genetic algorithms.
- Regression techniques.
- Unsupervised data analysis techniques (Cluster Analysis, Association Rules, Association Rules Sequences, etc).
- R and Python.
- Spark Core + SparkSQL + Introduction to Spark MLlib.
- SparkStreaming.
- Deep Learning.
- Probabilistic and graphical models.

Madrid, Spain
September 2015 – September 2019

Bachelor's degree in Business Management

UNIVERSIDAD AUTONOMA DE MADRID

- Area of Specialization: Data Analytics.
- Data Mining.
- Business Forecasting Methods.
- Business Microeconometrics.
- Business Simulation Models.
- Data Analysis.

Laudatur in Theoretical Statistics.

Tampere, Finland
January 2019 – June 2019

Bachelor's Degree Programme in Business Studies (ERASMUS PROGRAM)

TAMPERE UNIVERSITY

- Marketing Communications.
- Business, Society and Nature.
- Introduction to Risk Management and Insurance.
- Sustainable business practices.
- Business Ethics.

Laudatur in Business, Society and Nature.

WORK EXPERIENCE

November 2020 – December 2020

IoT & Computer Vision Intern

THE SPARKS FOUNDATION.

The Hangar, Nus Enterprise. 21 Heng Mui Keng Terrace, Singapore, 119613

Graduate Rotational Internship Program (GRIP).

Business or sector Education Management.

October 2020 – November 2020

Data Analyst Trainee

MEDTOUREASY.

M Block, ABL Workspaces, 2nd floor, 130-131, Connaught Cir, Connaught Place, New Delhi, Delhi 110001, India

▪ **Analyst Responsibilities:**

- Week 1: Training Modules – Candidates will be completing the learning modules assigned.
- Week 2: Guided Projects – Candidates will be working on guided projects assigned to them.
- Week 3: Live Project – Candidates will be working on the live project assigned to them by the company.
- Week 4: Project Report – Candidates will be preparing a project report and submit.

Business or sector Hospital & Health Care.

April 2020 – November 2020

Data Analytics Intern

STRATEBI BUSINESS SOLUTIONS, S.L.

Avda. de Brasil 17, 16º A-B, 28020 Madrid (Spain)

▪ **Technologies and Tools used:**

- Business Intelligence (Pentaho, Talend, PowerBI, Vertica, Snowflake). Multidimensional modelling and methodology of BI projects (Agile, cascade).
- Big Data, Cloud: Azure, Hadoop, Cloudera, Amazon, Google, Kafka, Spark, Elastic, Apache Kylin, etc.
- Machine Learning (R, Python, SparkMlib). Algorithms in cloud, analytical functions of Databases, etc.

▪ **Participation in development tasks on:**

- Creation of Demos, papers, benchmarks, etc.
- Creation of Prototypes and Pilots with real data.
- Improvement of the LinceBI.com platform.
- Support in real use cases. Many of them with large volumes and analysis capabilities.

Business or sector Information and communications.

PERSONAL SKILLS

Mother tongue(s) Spanish.

Other language(s)

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken interaction	Spoken production	
English	B2	C1	B2	B2	C1
First Certificate. University of Cambridge.

CERTIFICATIONS

- End-of-degree project (June 2019 – September 2019)

Project description: In my Bachelor's Degree Final Thesis entitled: "Multivariate analysis of statistical data", I have tried to elucidate what variables and factors influence a person victim of gender violence so that they finally decided to file a complaint in the court, or failing that it did not. I have also analysed what it may depend on a victim of gender violence not to report for fear of reprisals or for thinking that she could solve it alone. **FINAL GRADE: 9/10**

- The use of mobile phones by UAM students (September 2018 – January 2019)

Project description: The students of the "Data Analysis" subject of the Faculty of Economics of the Universidad Autonoma of Madrid (2018/2019), held during the first four months a workshop consisting in determining the use of mobile phones by the students of the UAM, attending to aspects as diverse as the type of telephone, the most frequented social networks or the most demanded applications or utilities, all trying to infer the existence of differences in behaviours according to the faculty, sex or Your socio-economic level. This report gathers the multiple results obtained, among which we must highlight the d found by faculties in terms of networks or applications used and even as an aggregation factor that has been called "Obsession for networks", differs between the Faculty of Philosophy, greater degree, and that of Law with a lesser degree.
